

Saskatchewan Pedigreed Seed Growers

Directory of Crop Varieties

This list was prepared by the Canadian Seed Growers Association. It includes varieties eligible for sale in Canada and seed crops issued certificates as of November 1, 2005. CSGA assumes no responsibility for errors or omissions.
The pedigreed class code is listed after the grower's phone number. S = Select; F = Foundation; R = Registered; C = Certified.

GPS, flow monitors,
variable rates and depths ...

... and you never tested the seed?

No matter how precisely it's planted, you don't know what you're going to get if you don't know what you started with. Make sure the seed matches your other high-tech input management systems -- with accurate, reliable, efficient testing.

LABTRONICS™/DIMO'S
 12 Bangor Ave., Winnipeg, MB R3E 3G4
ATTENTION PRODUCERS:
WE ARE THE ONLY MANUFACTURER OF MODEL 919™ MOISTURE TESTERS IN NORTH AMERICA.
 Any digital conversions offered by other companies will NOT improve accuracy of our Model 919™ moisture meter & are NOT required or recommended. In our opinion, any claims to improved accuracy are false and misleading. LABTRONICS™ testers cannot be made more accurate. Our original electronics must be installed in your Model 919™ moisture meter to guarantee accuracy. We are converting all digital display meters back to original at minimal cost. Labtronics™ does not support and has no affiliation with companies that offer any unproven electronics.
All original parts & electronics will ALWAYS be available from
Dimo's Tool & Die Ltd. in Wpg.
Pls. Ph. for info. (204) 772-6998 www.labtronics.ca

THE NEW HARVEST ROTOR

360° Auger Front

- Provides superior feed over the traditional elephant ear design
- Grain is not flung to the outside rotor cone and consequently relying on the vanes for transfer to the concaves
- Smooth transition from the feeder house to the concaves

30° Straight Rub Bar Design

- Provides improved feeding and threshing
- Staggered design eliminates power pulses on the concaves
- Straight rub bars are less costly to replace

See Us For Concaves, Feeder Chains & Other Combine Parts

3 Sided Enclosed Rotor Bar Mounts

- Eliminates shimming of the rub bars
- Eliminates build up of seeds and foreign material under the rub bar mounts

Dynamically Balanced Rotor

The Harvest Rotor will provide a superior smooth feed with no vibration or rumble, giving the combine more capacity, a better thresh and less fuel consumption.

Plastic Louvered Adjustable Sieves

The new patented Plastic Louvered Cleaning Sieve from Harvest is 40% lighter than steel. It won't rust and it remains easy to adjust. Rather than thin wires it has a plastic load bearing surface that is 4 times larger for durability. Louvers are repairable and replaceable. The plastic louvers are flexible. Rather than bend and twist they return to their original shape. Their smooth profile reduces buildup from sappy weeds and snow "icing". The cupped tail scoop, at the bottom of the louver, forces the air more vertical, even when the sieve is closed tighter to keep unthreshed heads out of the tank. The improved airflow reduces the amount of clean grain in the return, reduces cracked grain and gives you a cleaner sample in the tank.

www.garrattindustries.com

**GRAVITY TABLES,
AIR SCREEN MACHINES,
DESTONERS, VIBRATORY FEEDERS**

- ◆ Designed & Manufactured in Western Canada by Seedsmen.
- ◆ European Styling, Quality & Performance.
- ◆ North American Components & Pricing.
- ◆ Most Efficient Grain Processing Available.
- ◆ Our Gravity Tables have the Lowest HP Requirement with Large Separation Area.
- ◆ Complete Counter Balance for Mobiles and Upper Floor Installations.

Check out our website at www.garrattindustries.com

Improve The Accuracy Of Any Model 919

Experience the Benefits of the
Quantum 919 Digital™

With improved drum precision &
an unquestionable null point, this
digital retrofit shall outperform any
analog 919, regardless of age or brand
with EXTREMELY FAST RESULTS.

**ATTENTION PRODUCERS: You may never have
to ship another meter to be calibrated ever !!**

A NEW FEATURE Self Calibration/Check
Compare your meter with an
international reference point...
anyone, anytime, anywhere.

- ✓ compatible with all 919 / 3.5" charts.
- ✓ optional auto adapter or battery pack allows for remote field testing.
- ✓ 100% money back guarantee

Prairie Crop Protection Planner

Software for weed, insect, and disease control for the Canadian prairies.

Based on your unique crop, crop stage, pest, pest stage, sprayer capacity, field size, and local chemical pricing, the Planner can help you

- select crop protection products
- calculate application rates and costs
- identify weeds, insects, and diseases
- identify herbicide injury symptoms
- keep pesticide application records

Only
\$89
plus tax
